(4) The head of the certification service shall be the secretary to the Committee.

(5) The Committee may regulate its own procedure and may co-opt additional members as required.

(6) The Committee shall meet at least two times in a year.

7. Functions of the Technical Committee.

(1) The functions of the Technical Committee are—

- (a) to serve as a National Variety Release Committee;

- (b) to review and maintain the National Variety List and to approve new varieties;
- (c) to approve the release of new varieties and entry into the seed multiplication programme.

8. National Seed Certification Service.

(1) The National Seed Certification Service in the department responsible for crop protection shall be responsible for all matters related to seeds.

(2) The certification service shall be responsible for the design, establishment and enforcement of certification standards, methods and procedures and without prejudice to the generality of the foregoing shall be responsible for—

- (a) reviewing, adjusting, maintaining and enforcing seed standards;
- (b) advising the Board of modifications to seed standards and providing the Board with information on any technical aspects affecting seed quality;
- (c) providing training to persons responsible for the implementation of this Act;
- (d) registration and licensing of all seed merchants, seed conditioners and seed dealers;
- (e) receiving and testing of all new varieties intended for release and multiplication, assisted by the Technical Committee according to the recognised standard procedure;
- (f) carrying out distinctness, uniformity and stability tests for candidate varieties;
- (g) establishing standards for variety performance trials and distinctness, uniformity and stability trials;

- (h) monitoring the activities of the formal and informal seed sectors;
- (i) accreditation and licensing, field inspection, seed sampling and laboratory seed testing;
- (j) carrying out field inspection, testing, labelling, sealing and eventual certification;
- (k) reviewing the history and performance records of selected varieties;
- (l) determining the contribution of varieties for agricultural development;
- (m) making recommendations for degazetting of obsolete varieties; and
- (n) determining the varieties to be fully released, partially released (restricted release), referred, or rejected.

9. Variety testing, release and registration.

(1) All imported and domestic varieties shall undergo testing in variety performance trials for at least two main growing seasons before their release.

(2) For imported varieties, data from advanced yield trials shall serve as supportive evidence regarding the performance of a variety.

(3) The certification service shall advise the breeder on the appropriate method and period of test for—

- (a) agricultural value in an approved number of sites in their appropriate ecological zones;
- (b) agricultural value for ratoons, forest and fruit trees, fibres, ornamentals, beverage crops and other plants and zones for which a system of evaluation is not practicable.

(4) The naming of new varieties shall be the responsibility of the relevant plant breeders and shall be subject to approval by the Variety Release Committee.

(5) The Board may grant breeders rights for a variety of seeds on the recommendation of the National Variety Release Committee.

(6) The certification service shall be responsible for undertaking variety testing as required for the granting of plant breeders rights in accordance with relevant law.

(7) All plant breeders, both local and foreign shall apply to the certification service for the release of their varieties.

(8) A variety released under subsection (7) shall be eligible for certification and shall be entered on the National Variety List and East African Common Catalogue.

(9) The maintenance and supply of breeders seed shall be the responsibility of the breeders concerned and a reference sample shall be deposited with the certification service on initial release.

(10) All plant breeders of public or private institutions and importers of varieties for seed production in Uganda shall be registered with the certification service on payment of the prescribed fee.

(11) The breeder or applicant shall provide data for advanced yield, multi-locational trials for at least one main growing season from relevant agro-ecological zones.

(12) The breeder or applicant shall conduct on farm trials for one main growing season concurrently with variety performance trials.

(13) The certification service shall be responsible for conducting variety performance trials in a number of representative locations, but may delegate suitable organisations to carry out this function.

(14) Vegetatively propagated materials shall be evaluated for their genetic and agricultural values.

10. Multiplication and licensing.

(1) Subject to the provisions of this Act, there shall be recognised classes of seeds as may be set out in regulations made under this Act.

(2) All seed merchants and dealers shall be licensed on application to the certification service and shall pay a prescribed annual fee.

(3) The Minister may, by statutory instrument, declare any area as a segregated area and may, by that instrument, prohibit the planting and movement of any type of seed or plant within that area either for a specific period or until the revocation of the instrument.

11. Seed conditioner and conditioning.

(1) A seed conditioner shall be licensed on application to the National Seed Certification Services and on payment of a prescribed annual fee.

(2) To be licensed under this section a licenced seed conditioner is required to have—

- (a) suitable and adequate facilities for receiving, drying, cleaning, grading, treating and storing of seed; and
- (b) competent and trained staff capable of carrying out effective conditioning and testing of seeds to the required standards, as certified by the International Seed Certification Association.

(3) A licensed seed conditioner shall condition only seed lots which have been certified by the certification service.

12. Seed marketing.

(1) All seed offered for sale shall be properly labelled and sealed in accordance with the specifications set out in regulations made under this Act.

(2) A person who intends to import or export seed shall apply to the certification service for a licence in the manner prescribed by regulations made under this Act.

(3) Only seed of approved varieties and which—

(a) meets the standards established by the National Seed Certification Services for domestic seed trade; and

(b) are accompanied by a declaration of minimum certification standards on an ISTA certificate or domestic certificates and a phytosanitary certificate as provided in the Plant Protection and Plant Health Act,

shall be imported into Uganda.

(4) All seed intended for export shall comply with the requirements of the importing country.

(5) Genetically modified seeds will be regulated in accordance with the Uganda National Council of Science and Technology Act or any relevant law.

13. Seed testing laboratory.

(1) The Ministry shall, for the purposes of this Act establish national seed testing laboratories.

(2) The laboratories shall undertake seed testing and issue certificates as prescribed by regulations made under this Act.

14. Affixing labels.

The certification service shall affix appropriate official labels and seals to all certified seed classes and may delegate its authority to a licensed or accredited seed testing laboratory or seed merchant.

15. Reports and certificates.

(1) The certification service shall issue certificates authenticating the various certification classes of seed as prescribed in regulations made under this Act.

(2) The certification service shall issue to the Board periodical reports on its activities, as the circumstances may require.

16. Appeals tribunal.

(1) The Minister shall establish a Seeds and Plant Tribunal which shall conduct business as the need arises.

(2) Any person aggrieved by a decision under this Act may appeal to the Seeds and Plant Tribunal in accordance with regulations made under this Act.

17. Appointment of inspector and seed analyst.

The Minister, on the advice of the Board by notice in the *Gazette* may designate suitably qualified public officers to act as inspectors, seed analysts and registrars of Plant Varieties for the purpose of this Act and any regulations made under this Act.

18. Maintenance of registers, rolls, index or other official records.

The certification service shall have powers to maintain registers, rolls, index or other official records for the execution of its functions under this Act.

PART III—OFFENCES AND MISCELLANEOUS PROVISIONS.**19. Sale of prescribed seed under a different name.**

(1) A person shall not sell any prescribed seed for sowing if—

(a) that prescribed seed does not conform to the standards of germination and purity prescribed for that seed;

(b) it is reported in the test report by a national seed testing laboratory or an accredited seed testing laboratory that the prescribed seed does not conform to the standards.

(2) A person who contravenes subsection(1) commits an offence.

(3) Upon conviction of any person for an offence under this section, the court may, in addition to any other penalty that it may impose, order the forfeiture or destruction, without any compensation of the sub-standard prescribed seed found in the possession or under the control of the person convicted.

(4) Sub-standard seeds shall be disposed of in accordance with regulations made under this Act.
