General Notice No. 310 of 2003.

THE UGANDA NATIONAL BUREAU OF STANDARDS ACT, 1983 (Act No. 1 of 1983, Section 14)

NOTICE

NOTICE FOR DECLARATION OF NATIONAL STANDARDS

IT IS HEREBY NOTIFIED for general information that the National Standards Council in exercise of the powers conferred upon the Council by Section 14 of the Uganda National Bureau of Standards (UNBS) Act, 1983 hereby declare that the following Standard Specifications, the scopes of which appear hereunder are elaborated Uganda National Specifications.

The National Standards Council therefore calls upon all interested persons or parties that may have any objection declaring the Standard Specifications indicated below as Uganda Standards to lodge their objection within 60 days from the date of publication of this notice.

These standards may be viewed (and/or obtained at a fee), at the UNBS, Plot M217 Nakawa Industrial Area, P.O. Box 6329, Kampala. Tel: 222367/505995, 031 262688 689, Fax 286123, E-mail: unbs@afsat.com

AGRICULTURAL AND FOOD STANDARDS

- 1. US 45:2003—General standard for food additives**
Scope: This Uganda Standard lists the food additives which have been evaluated by the Joint FAO/WHO Expert Committee on Food Additives (JECFA) and found acceptable for use in foods.
- 2. US 48:2003—Specification for imitation soft drinks**
Scope: This Uganda Standard prescribes the requirements and methods of test for imitation soft drinks. This standard covers imitation drink made from natural, identical or synthetic colourings, flavourings, emulsions, water, sugar and other optional ingredients or mixtures thereof.
- 3. US 500:2003—Guidelines for nutrition labelling of food**
Scope: These guidelines recommend procedures for the nutrition labelling of foods. These guidelines apply to the nutrition labelling of all foods.
- 4. US 508:2003—Guidelines for nutrition and health claims for food**
Scope: These guidelines relate to claims made for a food irrespective of whether or not the food is covered by an individual Uganda Standard.

5. US 509 2003—Specification for fortified milled maize products

Scope: This standard applies to fortified maize flour, fortified whole maize meal, and fortified degermed maize meal prepared from kernels of common maize, Zea mays L and intended for human consumption. It does not apply to maize or other maize products for which other standards apply.

6. US 510 :2003—Specification for fortified sugar

Scope: This Uganda Standard specifies requirements for fortified sugar intended for human consumption. It applies to fortified plantation or mill-white sugar and fortified refined sugar. It does not apply to other types of sugar for which other standards do apply.

7. US 511: 2003—Specification for fortified edible fats and oils

Scope: This Uganda Standard prescribes the requirements for fortified edible fats and oils intended for human consumption.

8. US 208:2003—Specification for fortified wine

Scope: This Uganda Standard prescribes the requirements and methods of test for fortified wines.

9. US 209:2003—Specification for sparkling wine

Scope: This Uganda Standard specifies the requirements and methods of test for sparkling wines. It covers red sparkling wines, white sparkling wines and rose sparkling wines.

10. US 210:2003—Specification for still table wine

Scope: This Uganda Standard prescribes the requirements and methods of test for still table wine.

BUILDING AND CONSTRUCTION STANDARDS

1. US 306:2003—Specification for standard sand

Scope: This Uganda standard specifies the source, preparation and properties of standard sand to be used with a standard coarse aggregate for making concrete prisms used for testing cement.

2. US 310:2002—Cement—Part 1 Composition, specifications and conformity criteria for common cements Amendment

For amendment of the designation of normal setting cement with letter N

Scope: This Uganda standard specifies the properties of the constituents of common cement and the proportions in which they are to be combined to produce range of types, compositions and strengths classes of cement.

3. US 317:2003—Hydraulic road binders—Composition, specification and conformity criteria

Scope: This Uganda standard specifies properties of the constituents of common cements and proportions in which they are to be combined to produce a range of types, compositions and strength classes.

4. US 319:2003—Seismic code of practice for structural designs

Scope: This code provides the basis for the design and construction of structures in seismic regions of Uganda. It also proposes operational rules for its application.

5. US 465-1:2003—Stabilized materials for civil engineering purposes

Part 1. General requirements, sampling, sample preparation and tests on materials before stabilization.

Scope: This part of US 465-1 deals with general requirements, sampling, sample preparation and preliminary test carried out on materials in the unstabilized condition to assess their suitability for stabilization.

6. US 465-2:2003—Stabilized materials for civil engineering purposes

Part 2. Methods of test for cement - stabilized and lime stabilized materials

Scope: This part of US 465-2 describes the methods of test for materials stabilized with cement or lime for civil engineering.

CHEMICALS AND ENVIRONMENT RELATED STANDARDS

1. US:126:2002—Specification for Toilet Paper

Scope: This Uganda Standard specifies the requirements, methods of sampling and test for toilet paper, bathroom tissue and other related products supplied in rolls, reels and sheets.

2. US 432: 2002—Glossary of terms used in paper industry and trade

Scope: This standard defines the terms and expressions used in the paper industry and trade.

3. US 433: 2002—Specification for Exercise books

Scope: This Uganda Standard prescribes the requirements and methods of test for exercise books generally used in schools.

4. US 434: 2002—Specification for Files and Folders

Scope: This Uganda Standard specifies the requirements for files and folders made of board. The standard applies to files and folders with or without back intended for housing papers of A4 or smaller sizes.

5. US 435: 2002—Duplicating papers—specification

Scope: This Uganda Standard specifies the requirements for duplicating papers. It applies to duplicating papers for stencil duplicators using emulsion or oil based inks.

6. US 436:2002—Specification for Stencil papers

Scope: This Uganda Standard specifies requirements for stencil papers.

7. US 488:2003—Ball Point pens for General Use—Specification

Scope: This Uganda standard establishes minimum quality requirements for ball point pens (refillable or non-refillable) and refills for general use.

8. US 484:2003—Labelling of Cosmetic products—General requirements

Scope: This Uganda Standard specifies general requirements for the labeling of cosmetic products.

9. US 485:2003—Pomades and Brilliantines - Specification

Scope: This Uganda Standard prescribes requirements and methods of test for pomades and solid brilliantines for general use.

10. US 486:2003—Nail polish removers - Specification

Part 1: Solvent Based

Scope: This Uganda standard prescribes the requirements and methods of test for nail polish removers, solvent based.

11. US 487:2003—Hair Creams, Lotions and Gels - Specification

Scope: This Uganda Standard prescribes the requirements and methods of test for hair creams, lotions and gels.

12. US 488:2003—Skin powders—Specification

Part 2: Baby powders

Scope: This Uganda standard prescribes the requirements and methods of test for baby powders.

13. US 489: 2003—Formulated powder, Hair dyes, Aryl Diamine based—Specification

Scope: This Uganda Standard prescribes requirements for formulate powder hair dyes, aryl di-amine based.

14. US 505:2003—Cologne—Specification

Scope: This Uganda Standard standard prescribes the requirements and methods of test for cologne. This standard shall cover cologne, as well as toilet waters, lavender waters and all alcohol-based fresheners.

15. US 506:2003 —Chemical Depilatories- Specification

Scope: This Uganda Standard prescribes the requirements and methods of test for chemical depilatories.

16. US 507: 2003 - Specification for Henna Powder

Scope: This Uganda standard prescribes the requirements, sampling procedure and methods of test for pure henna powder.

MECHANICAL ENGINEERING AND METALLURGY STANDARDS

1. US 482-1:2003 - High-density polyethylene (PE-HD) pipes. Part 1. General quality requirements

Scope: This standard applies to straight round seamless pipes made of high-density polyethylene (HDPE).

Individual requirements specified in this standard may be omitted or supplemented in technical delivery conditions relating to particular applications.

2. US 482-2:2003—High density polyethylene (PE-HD) pipes Part 2. Dimensions

Scope: This standard applies to pipes made of high-density polyethylene (PE-HD). Pipes as specified in this standard shall meet the requirements given in US 482-1/ DIN 8075.

ELECTROTECHNOLOGY STANDARDS

1. US 147:2003—Specification for solar photovoltaic systems. System design, installation, operation, monitoring and maintenance. Part 1 requirements for PV systems

Scope: This standard specifies the requirements for:

- (a) the components for photovoltaic systems as optimised for the four system sizes based on 12 V d.c. envisaged in the national programme to provide solar power to individual homes.
- (b) for installation requirements for such systems.

2. US 481-1:2003—Primary batteries Part 1: General

Scope: The purpose of this Part 1 of US 481 is to standardise primary batteries with respect to their electrochemical system, dimensions, nomenclature, terminal configurations, markings, test methods, typical performance, safety and environmental aspects.

3. US 481-2:2003—Primary batteries Part 2: Physical and electrical specifications

Scope: This part 2 of US 481 is applicable to primary batteries based on standardized electro- chemical systems. It specifies the physical dimensions the discharge test conditions and discharge performance requirements.

4. US 481-3:2003—Primary batteries Part 3: Watch batteries

Scope: This part of US 481 specifies dimensions, designation, methods of tests and requirements for primary batteries for watches.

5. US 481-4:2003—Primary batteries Part 4: Safety of lithium

Scope: This part 4 of US 481 specifies test and requirements for primary lithium batteries to ensure their safe operation for under normal use and reasonably foreseeable misuse.

6. US 481-5:2003—Primary batteries Part 5 Safety of batteries with aqueous electrolyte

Scope: This part 5 of US 481 specifies test and requirements for primary batteries with aqueous electrolyte to ensure their safe operation for under normal use and reasonably foreseeable misuse.

7. US 149-3:2003—Secondary cells and batteries for solar photovoltaic energy systems—Part 3. General requirements and methods of test for modified automotive batteries

Scope: This Uganda Standard gives general information relating to the requirements of the secondary batteries used in Photovoltaic (PV) solar energy systems and to the typical methods of test for the verification of battery performances.

TEXTILES AND APPARELS STANDARDS**1. US 423:2003—Kitenge—Specification**

Scope: This Uganda Standard specifies the requirements for kitenge.

2. US 424:2002—Cotton-Khanga —Specification

Scope: Uganda Standard specifies the requirements for cotton khanga.

3. US 425:2002—Crepe Bandag—Specification

Scope: This Uganda Standard specifies requirements for crepe bandages.

APPROVED THIS 16th day of June 2003

DR. TERRY KAHUMA,

Secretary, National Standards Council.

PROF. EDWARD B. RUGUMAYO,

Minister of Tourism, Trade and Industry.

General Notice No. 311 of 2003.

THE UGANDA NATIONAL BUREAU OF**STANDARDS ACT, 1983**

(Act No. 1 of 1983, Section 14)

NOTICE**PRELIMINARY NOTICE**

IN ACCORDANCE with section 17 of the Uganda National Bureau of Standards (UNBS) Act, 1983, the National Standards Council intends to recommend to the Minister of Tourism, Trade and Industry to declare the Standard Specifications indicated below for compulsory application after 60 days from the date of this notice.

The National Standards Council therefore calls upon all interested persons or parties likely to be affected by compulsory application of these standards to lodge their objections in writing to the Executive Director, Uganda National Bureau of Standards, Plot M217 Nakawa Industrial Estate, P.O. Box 6329, Kampala. Tel: 222367/505995, 031 222367, Fax 286123, E-mail: unbs@afsat.com

Every person who has an objection to the declaration of a standard as compulsory shall be entitled to be heard by the National Standards Council. No standard specification shall be declared compulsory until the Council has heard all persons who have lodged objections.

AGRICULTURAL AND FOOD STANDARDS**1. US 45:2003—General standard for food additives**

Scope: This Uganda Standard lists the food additives which have been evaluated by the Joint FAO/WHO Expert Committee on Food Additives (JECFA) and found acceptable for use in foods.

2. US 48:2003—Specification for imitation soft drinks

Scope: This Uganda Standard prescribes the requirements and methods of test for imitation soft drinks. This standard covers imitation drink made from natural, identical or synthetic colourings, flavourings, emulsions, water, sugar and other optional ingredients or mixtures thereof.

3. US 500:2003—Guidelines for nutrition labelling of food

Scope: These guidelines recommend procedures for the nutrition labelling of foods. These guidelines apply to the nutrition labelling of all foods.

4. US 508:2003—Guidelines for nutrition and health claims for food

Scope: These guidelines relate to claims made for a food irrespective of whether or not the food is covered by an individual Uganda Standard.

5. US 509:2003—Specification for fortified milled maize products

Scope: This standard applies to fortified maize flour, fortified whole maize meal, and fortified degermed maize meal prepared from kernels of common maize, Zea mays L and intended for human consumption. It does not apply to maize or other maize products for which other standards apply.

6. US 510 :2003—Specification for fortified sugar

Scope: This Uganda Standard specifies requirements for fortified sugar intended for human consumption. It applies to fortified plantation or mill-white sugar and fortified refined sugar. It does not apply to other types of sugar for which other standards do apply.

7. US 511:2003—Specification for fortified edible fats and oils

Scope: This Uganda Standard prescribes the requirements for fortified edible fats and oils intended for human consumption.

8. US 208:2003—Specification for fortified wine

Scope: This Uganda Standard prescribes the requirements and methods of test for fortified wines.

9. US 209:2003—Specification for sparkling wine

Scope: This Uganda Standard specifies the requirements and methods of test for sparkling wines. It covers red sparkling wines, white sparkling wines and rose sparkling wines.

10. US 210:2003 - Specification for still table wine

Scope: This Uganda Standard prescribes the requirements and methods of test for still table wine.

BUILDING AND CONSTRUCTION STANDARDS**11. US 306:2003 - Specification for standard sand**

Scope: This Uganda standard specifies the source, preparation and properties of standard sand to be used with a standard coarse aggregate for making concrete prisms used for testing cement.

12. US 310:2002—Cement—Part 1 Composition, specifications and conformity criteria for common cements Amendment

For amendment of the designation of normal setting cement with letter N

Scope: This Uganda standard specifies the properties of the constituents of common cement and the proportions in which they are to be combined to produce range of types, compositions and strength classes of cement.

13. US 317:2003—Hydraulic road binders - Composition, specification and conformity criteria

Scope: This Uganda standards specifies properties of the constituents of common cements and proportions in which they are to be combined to produce a range of types, compositions and strength classes.

14. US 319:2003—Seismic code of practice for structural designs

Scope: This code provides the basis for the design and construction of structures in seismic regions of Uganda. It also proposes operational rules for its application.

CHEMICALS AND ENVIRONMENT RELATED STANDARDS

15. US:126:2002—Specification for Toilet Paper

Scope: This Uganda Standard specifies the requirements, methods of sampling and test for toilet paper, bathroom tissue and other related products supplied in rolls, reels and sheets.

16. US 433: 2002—Specification for Exercise books

Scope: This Uganda Standard prescribes the requirements and methods of test for exercise books generally used in schools.

17. US 434: 2002—Specification for Files and Folders

Scope: This Uganda Standard specifies the requirements for files and folders made of board. The standard applies to files and folders with or without back intended for housing papers of A4 or smaller sizes.

18. US 435: 2002-Duplicating papers- Specification

Scope: This Uganda Standard specifies the requirements for duplicating papers. It applies to duplicating papers for stencil duplicators using emulsion or oil based inks.

19. US 436:2002—Specification for Stencil papers

Scope: This Uganda Standard specifies requirements for stencil papers.

20. US 488:2003—Ball Point pens for General Use—Specification

Scope: This Uganda standard establishes minimum quality requirements for ball point pens (refillable or non-refillable) and refills for general use.

21. US 484:2003—Labelling of Cosmetic products—General requirements

Scope: This Uganda Standard specifies general requirements for the labelling of cosmetic products.

22. US 485:2003—Pomades and Brilliantines—Specification

Scope: This Uganda Standard prescribes requirements and methods of test for pomades and solid brilliantines for general use.

23. US 486:2003—Nail polish removers - Specification Part 1: Solvent Based

Scope: This Uganda standard prescribes the requirements and methods of test for nail polish removers, solvent based.

24. US 487:2003—Hair Creams, Lotions and Gels—Specification

Scope: This Uganda Standard prescribes the requirements and methods of test for hair creams, lotions and gels.

25. US 488:2003—Skin powders—Specification

Part 2: Baby powders

Scope: This Uganda standard prescribes the requirements and methods of test for baby powders.

26. US 489: 2003—Formulated powder, Hair dyes, Aryl Di-amine based - Specification

Scope: This Uganda Standard prescribes requirements for formulate powder hair dyes, aryl di-amine based.

27. US 505:2003—Cologne -Specification

Scope: This Uganda Standard prescribes the requirements and methods of test for cologne. This standard shall cover cologne, as well as toilet waters, lavender waters and all alcohol-based fresheners.

28. US 506:2003—Chemical Depilatories—Specification

Scope: This Uganda Standard prescribes the requirements and methods of test for chemical depilatories.

29. US 507: 2003—Specification for Henna Powder

Scope: This Uganda standard prescribes the requirements, sampling procedure and methods of test for pure henna powder.

MECHANICAL ENGINEERING AND METALLURGY STANDARDS

30. US 482-1:2003—High-density polyethylene (PE-HD) pipes. Part 1, General quality requirements.

Scope: This standard applies to straight round seamless pipes made of high-density polyethylene (HDPE). Individual requirements specified in this standard may be omitted or supplemented in technical delivery conditions relating to particular applications.

31. US 482-2:2003—High density polyethylene (PE-HD) pipes Part 2.Dimensions

Scope: This standard applies to pipes made of high-density polyethylene (PE-HD). Pipes as specified in this standard shall meet the requirements given in US 482-1 / DIN 8075

ELECTROTECHNOLOGY STANDARDS

32. US 147:2003 - Specification for solar photovoltaic systems. System design, installation, operation, monitoring and maintenance. Part 1 requirements for PV systems

Scope: This standard specifies the requirements for:

(a) the components for photovoltaic systems as optimised for the four system sizes based on 12 V d.c. envisaged in the national programme to provide solar power to individual homes.

(b) for installation requirements for such systems.

33. US 481-1:2003—Primary batteries Part 1: General

Scope: The purpose of this Part 1 of US 481 is to standardise primary batteries with respect to their electrochemical system, dimensions, nomenclature, terminal configurations, markings, test methods, typical performance, safety and environmental aspects.

34. US 481-2:2003 - Primary batteries Part 2: Physical and electrical specifications

Scope: This part 2 of US 481 is applicable to primary batteries based on standardized electro- chemical systems. It specifies-the physical dimensions the discharge test conditions and discharge performance requirements.

35. US 481-3:2003—Primary batteries Part 3: Watch batteries

Scope: This part of US 481 specifies dimensions, designation, methods of tests and requirements for primary batteries for watches.

36. US 481-4:2003—Primary batteries. Part 4: Safety of lithium
Scope: This part 4 of US 481 specifies test and requirements for primary lithium batteries to ensure their safe operation for under normal use and reasonably foreseeable misuse.

37. US 481-5:2003—Primary batteries Part 5 Safety of batteries with aqueous electrolyte

Scope: This part 5 of US 481 specifies test and requirements for primary batteries with aqueous electrolyte to ensure their safe operation for under normal use and reasonably foreseeable misuse.

38. US 149-3:2003—Secondary cells and batteries for solar photovoltaic energy systems—Part 3. General requirements and methods of test for modified automotive batteries.

Scope: This Uganda Standard gives general information relating to the requirements of the secondary batteries used in Photovoltaic (PV) solar energy systems and to the typical methods of test for the verification of battery performances.

APPROVED THIS 16th day of June 2003

DR. TERRY KAHUMA,
Secretary, National Standards Council.

PROF. EDWARD B. RUGUMAYO,
Minister of Tourism, Trade and Industry.

General Notice No. 312 of 2003.

THE UGANDA NATIONAL BUREAU OF
 STANDARDS ACT, 1983

(Act No. 1 of 1983, Section 14)

NOTICE

COMPULSORY STANDARDS DECLARATION
 NOTICE

IN ACCORDANCE with section 17 of the Uganda National Bureau of Standards (UNBS) Act, 1983, the Minister for Tourism, Trade and Industry on the recommendation of the National Standards Council hereby declares compulsory standards in respect of the underlisted.

1. US 7:2002—General Standard for the Labelling of Pre-packaged Foods (Second Ed)

Scope: This Uganda standard applies to the labelling of all pre-packaged foods to be offered as such to the consumer or for catering purposes and to certain aspects relating to the presentation thereof.

2. US 12: 2002—Specification for whole maize meal (Second Ed)

Scope: This Uganda standard applies to whole maize meal, milled from kernels of common maize, *Zea mays* L. for human consumption.

3. US 13:2002—Specification for de-germed maize meal and maize grits (Second Ed)

Scope: This Uganda standard applies to de-germed maize meal, and maize grits milled from kernels of common maize, *Zea mays* L. for human consumption.

4. US 14:2002—Specification for pulses (excluding beans) (Second Ed)

Scope: This Uganda Standard applies to the whole, shelled or split pulses of lentils (*Lens culinaris* Medic. Syn. *Lens esculenta* Moench.); peas (*Pisum sativum* L.); chickpeas (*Cicer arietinum* L.); field beans (*Vicia faba* L.); and peas (*Vigna unguiculata* (L.) Walp., syn. *Vigna radiata* L. Fr. *Vigna sinensis* (L.) Savi exd Hassk.) which are intended for direct human consumption.

5. US 16:2002—Specification for sorghum grains (Second Ed)

Scope: This Uganda Standard applies to sorghum grains obtained from species of *Sorghum bicolor* (L.) Moench, intended for direct human consumption.

6. US 17:2002—Specification for maize grains (Second Ed)

Scope: This Uganda Standard applies to maize (corn) for direct human consumption, i.e., ready for its intended use as human food, presented in packaged form or sold loose from the package directly to the consumer.

7. US 28:2002—Code of practice for Hygiene in the Food and Drink manufacturing Industries. (Second Ed),

Scope: This code of practice sets out the general guidelines for the hygiene requirements in the food and drink manufacturing industry.

8. US 33:2002—Specification for edible ices and ice mixes (Second Edition)

Scope: This Uganda Standard applies to edible ices ready for consumption and to ice mixes in liquid or powder form. It also applies to the edible ice part of foods containing edible ices.

9. US 277:2002—General Standard for the Labelling of Food additives when sold as such

Scope: This Uganda Standard applies to the labelling of "food additives" sold as such whether by retail or other than by retail, including sales to caterers and food manufacturers for the purpose of their businesses. This standard also applies to food "processing aids"; any reference to food additives includes food-processing aids.

10. US 292:2002—Specification for Black Tea

Scope: This Uganda Standard specifies the parts of a named plant that are suitable for making black tea for consumption as a beverage and the chemical requirements for black tea that are used to indicate that tea from that source has been produced in accordance with good production practice.

11. US 365:2002—Specification for powdered (icing) sugar

Scope: This Uganda Standard applies to white powdered (icing) sugar intended for use in toppings, icings and other sugar content bakery products.

12. US 413:2002—Specification for Hard boiled Sugar confectionery

Scope: This Uganda Standard prescribes the requirements and the methods of sampling and test for hard-boiled sugar confectionery.

13. US 419:2002—Specification for Chewing gum and Bubble gum

Scope: This Uganda standard prescribes the requirements and methods of sampling and test for chewing gum and bubble gum.

14. US 420:2002—Specification for Toffee

Scope: This Uganda Standard prescribes the requirements and the methods of sampling and test for toffee.

15. US 421:2002—Specification for Liquid glucose

Scope: This Uganda Standard prescribes the requirements and the methods of sampling and test for liquid glucose.

16. US 24:2002—Specification for home baking (wheat) flour

Scope: This Uganda Standard applies to general-purpose wheat flour for human consumption prepared from common wheat, *Triticum aestivum* L., or club wheat, *Triticum compactum* Host. or mixtures thereof, which is prepackaged ready for sale to the consumer or destined for use in other food products.

17. US 370:2002 —Specification for maize flour

Scope: This Uganda Standard applies to maize flour milled from kernels of common maize, *Zea mays* L. for human consumption.

18. US 394:2002—Specification for wheat meal (ATTA)

Scope: This Uganda Standard applies to wheat meal for human consumption prepared from common wheat, *Triticum aestivum* L., or club wheat, *Triticum compactum* Host. or mixtures thereof, which is prepackaged ready for sale to the consumer or destined for use in other food products.

19. US 395:2002—Specification for wheat semolina

Scope: This Uganda Standard applies to wheat semolina prepared from common wheat, *Triticum aestivum* L., or club wheat, *Triticum compactum* Host. or mixtures thereof, which is prepackaged ready for sale to the consumer or destined for use in other food products for human consumption.

20. US 396:2002—Specification for whole wheat flour

Scope: This Uganda Standard applies to whole-wheat flour prepared from common wheat, *Triticum aestivum* L., or club wheat, *Triticum compactum* Host. or mixtures thereof, which is prepackaged ready for sale to the consumer or destined for use in other food products for human consumption.

21. US 397:2002—Specification for bread (wheat) flour

Scope: This Uganda Standard applies to bread wheat flour prepared from common wheat, *Triticum aestivum* L., or club wheat, *Triticum compactum* Host. or mixtures thereof, which is prepackaged ready for sale to the consumer or destined for use in manufacture of bread for human consumption.

22. US 398:2002—Specification for biscuit (wheat) flour

Scope: This Uganda Standard applies to wheat flour prepared from common wheat, *Triticum aestivum* L., or club wheat, *Triticum compactum* Host. or mixtures thereof, which is prepackaged ready for sale to the consumer or destined for use in the manufacture of biscuits for human consumption.

23. US 399:2002—Specification for self raising (wheat) flour

Scope: This Uganda Standard prescribes the requirements and the methods of test for self-raising wheat flour.

24. US 400:2002—Specification for dry beans

Scope: This Uganda Standard prescribes the requirements and the grades of dry bean grains of the plant *Phaseolus Vulgaris* L. intended for human consumption.

25. US 472:2002—Specification for durum wheat semolina

Scope: This Uganda Standard applies to durum wheat semolina for human consumption prepared from durum wheat, *Triticum durum* Desf. which is prepackaged ready for sale to the consumer or destined for use in other food products.

26. US 473:2002—Specification for durum wheat flour

Scope: This Uganda Standard applies to durum wheat flour for human consumption prepared from durum wheat, *Triticum durum* Desf. which is prepackaged ready for sale to the consumer or destined for use in other food products.

27. US 446:2002—Oil-Seed Cakes for Compounding Livestock Feed—Specification

Scope: This Uganda Standard specifies requirements for oil-seed cakes used as livestock feedstuffs.

BUILDING AND CONSTRUCTION STANDARDS**28. US 65:2002—Specification for Pre-cast Concrete Paving Blocks (2nd Edition)**

Scope: This Uganda standard specifies requirements for pre-cast concrete paving blocks intended for the construction of low speed roads and, industrial and other paved surfaces subjected to all categories of static and vehicular loading and pedestrian traffic.

29. US 101:2002—Specification for aggregates from natural sources for concrete (2nd Edition)

Scope: This Uganda Standard specifies the quality and grading requirements for aggregates obtained by processing natural materials for use in concrete.

CHEMICALS AND ENVIRONMENT RELATED STANDARDS**30. US 438:2002—Specification for Plastic containers for up to 5 litres capacity**

Scope: This Uganda Standard covers minimum requirements for plastic containers of nominal capacities up to and including 5 litres intended for storage of commodities other than explosives, compressed gases and radio-active materials.

31. US 442-2:2002—Cosmetics - list of substances which must not form part of the composition of any cosmetic product

Scope: This Uganda standard prescribes substances that form part of cosmetics intended for use by human beings.

32. US 442-3:2002—List of substances which cosmetics must not contain except subject to conditions applicable to drugs and conditions laid down

Scope: This part of US 442 prescribes list of substances which cosmetics must not contain except subject to conditions laid down.

MECHANICAL ENGINEERING AND METALLURGY STANDARDS**33. US 403:2002—Standard Specification for Deepwell CMBS Handpump (Model U3) (2nd Edition, reconfirmed).**

Scope: This Uganda standard covers community based maintenance system (CMBS) handpumps for lifting water from boreholes with static water levels from 24m up to 50 m. The pumps shall be used for boreholes fitted with casing pipes of nominal diameters minimum 100mm to 150mm. Beyond 150mm, a special stand adopter shall be necessary.

34. US 404:2002—Standard Specification for Extra Deepwell CMBS Handpump (2nd Edition, reconfirmed).

Scope: This Uganda standard covers community based maintenance system (CMBS) handpumps for lifting water from boreholes with static water levels from 51m up to 90 m. The pumps shall be used for boreholes fitted with casing pipes of nominal diameters minimum 100mm to 150mm. Beyond 150mm, a special stand adopter shall be necessary.

35. US 405:2002—Standard Specification for Shallow CMBS Handpump (Model U2/U3) (2nd Edition, reconfirmed).

Scope: This Uganda Standard covers handpumps for lifting water from boreholes with static water levels from 3m up to 21 m.

36. US 471:2002—Standard Specification for Deepwell Handpump

Scope: This Uganda standard covers community based maintenance system (CMBS) handpumps for lifting water from boreholes with static water levels from 24m up to 45m. The pumps shall be used for boreholes fitted with casing pipes of nominal diameters minimum 100 mm (4 inches), 115mm (4.5 inches), 125mm (5 inches), to 150mm (6 inches), 175mm (7 inches) or 200mm (8 inches) internal diameter. This standard provides the materials specification for the various parts of the pump.

TEXTILES AND APPARELS STANDARDS**37. US 426:2002—Code of practice - Fibre - content labelling of textiles and textile products**

Scope: This Uganda standard specifies alternative methods for designating the fibre content of textiles and textile products and for applying this information to made-up products, piece goods and yarns. It also specifies the methods to be used for determining the fibre content of textiles and textile products.

APPROVED THIS 26th day of May, 2003

DR. TERRY KAHUMA,

Secretary, National Standards Council.

PROF. EDWARD B. RUGUMAYO,

Minister of Tourism, Trade and Industry.

General Notice No. 313 of 2003.

THE ADVOCATES ACT.

FIONA BAYIGA.
Assistant Registrar of Trademarks.

General Notice No. 316 of 2003.

THE TRADE MARKS ACT.

(Cap. 83).

NOTICE.

NOTICE IS HEREBY GIVEN that any person who has grounds to oppose the registration of any of the marks advertised herein may within sixty days from the date of this *Gazette*, lodge a Notice of opposition on Trade Mark Form No. 6 together with a fee of Shs. 4000 in case of National applicants or US\$ 250 in case of Foreign applicants. The period of lodging Notice of opposition may be extended in suitable cases by the Registrar as he thinks fit upon such terms as he may direct. Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant so that he may have an opportunity to withdraw his application before the expense of opposition proceedings is incurred. Failure to give such notice will be taken into account in considering any application by the opponent for an order for costs if the opposition is uncontested by the applicant. Representations of the marks herein advertised can be inspected at the office of the Registrar of Trade Marks, Parliamentary Buildings, P.O. Box 7151, Kampala.
