THE UGANDA COMMUNICATIONS ACT. CAP. 106, LAWS OF UGANDA

(Section 11 (1) and (2) of the Uganda Communications Act)

THE COMMUNICATIONS (TELECOMMUNICATIONS INFRASTRUCTURE) GUIDELINES, 2006

Following the end of the exclusivity period for the two National Operators, UTL and MTN on 24th July, 2005, the Telecommunications Policy Guidelines were issued on 11th May, 2006, to guide the sector and in turn, a new Telecommunication Licensing regime, became effective on 14th August, 2006.

Whereas the 11th May, 2006 Policy Guidelines gave sector direction in respect of only telecommunications service provision and not telecommunications infrastructure provision.

And whereas further consultations have revealed that it is imperative that the sector be opened up fully for infrastructure provision.

Now therefore, in exercise of the powers conferred upon the Minister responsible for communication by Section 11(1) of the Uganda Communications Act, Cap. 106, Laws of Uganda, these Guidelines are issued to the Uganda Communications Commission on this 13th day of October, 2006.

The Uganda Communications Commission will under the mandate granted to it by the Uganda Communications Act, make recommendation to the Minister in respect of the grant of infrastructure licenses and shall accordingly follow the Guidelines below:

(i) Open the infrastructure provision to full competition. This means that investors can now apply to get licences to provide infrastructure.

(ii) In the context of these guidelines, infrastructure refers to plant, equipment and systems associated with the transmission, reception and switching of telecommunication (electronic) signals.

(iii) Grant wireless based infrastructure licenses, service licenses or both, as long as the relevant entry and regulatory requirements are met.

(iv) Licensing of wireless based infrastructure will depend on the availability of spectrum.

(v) Ensure that operations of both existing and new entrants are in conformity with the principles of fair competition in regard to each other and in regard to other Service providers.

(vi) Recognise and provide for the right of the private individuals or entities to put in place their own private infrastructure, if they so wish.

(vii) Follow the principle of technology neutrality in granting the Licences.

Further, in exercise of the powers conferred upon the Minister responsible for communication by Section 11(1) of the Uganda Communications Act, Cap. 106, Laws of Uganda, the Minister reserves the right to review these Guidelines as and when the need arises.

These Guidelines may be cited as the Uganda Communications (Telecommunications Infrastructure) Guidelines, 2006 and shall come into effect on the 1st of November, 2006.
