IN EXERCISE of the powers conferred on the Authority by Section 119 and Section 75 of the Electricity Act, 1999, Cap. 145 Laws of Uganda, the following guidelines shall be applicable to Royalties payable by hydro generation facilities in Uganda.

“Royalty” means an approved charge under S.75 (7) of the Act payable by the Licensee to the district Local Government.

#### 3. OBJECTIVE:

The objective of these guidelines is to streamline the process of fixing of the quantum of Royalties payable by hydro generation Licensees to Local Governments in accordance with Section 75 of the Electricity Act.

##### 1. Payment of Royalties:

The generation Licensee shall be obliged to pay to the District Local Government a fee in the form Royalty depending on the generated capacity at a specific project.

##### 2. Applicability:

The payment of royalties shall apply to only hydro generation facilities in Uganda with a capacity of more than 0.5 MW.

##### 3. Consensus between parties:

- a) The host Local Governments and the generation Licensee shall meet and agree based on these guidelines the amount of royalties to be paid by the licensee. This agreement shall be evidenced in writing and signed by both parties before the same shall be forwarded to the ERA.
- b) In the case of disagreement between the host Local Governments and the generation Licensee, the matter shall be forwarded to the ERA for arbitration. The areas of disagreement shall be recorded in a prescribed form and the reliefs sought by each party shall be carefully outlined.

##### 4. Mode of payment of Royalties:

- a) Royalties shall be paid on a yearly basis by the hydro generation facility to the Local Government;
- b) Royalties shall be paid in Uganda Shillings; and
- c) The amount of royalties payable shall not exceed Uganda Shillings 215/MWh (Two hundred and fifteen Uganda shillings per megawatt hour).

##### 5. Scope:

- a) Royalties paid by the hydro generation Licensee shall be calculated based on net energy generated and sold or exported.
- b) Hydro generation facilities generating for own use shall pay royalties to the Local Governments. The portion of the royalties that shall be recoverable by the Licensee from the tariff shall only be restricted to the energy sold or exported to the grid.
- c) The Licensee shall provide to the District Local Government, on a yearly basis, information in respect of energy generated, energy sold or exported and energy used for own use.

##### 6. Sharing of revenue from royalties:

Royalties shall be shared proportionately between the Local Governments based on the area occupied by the Generation Complex. The amount due to each of the eligible recipient Local Governments shall be calculated on the basis of the area of coverage by the respective structures making up the Generation Complex.

7. **Dispute resolution:**

Any Licensee or district Local Government who fails to agree on the quantum of royalties payable shall submit the matter to the Authority for arbitration in accordance with section 75(8) of the Act in the form in Schedule One of these guidelines.
