22. Commercial arrangement to manage conservation areas and species

- (1) The Executive Director may with the approval of the Board enter into any suitable commercial or collaborative arrangement with any person for—
 - (a) the management of a conservation area or a portion of the conservation area;
 - (b) the provision of services and infrastructure in a conservation area; or
 - (c) the management of a species or a class of species of animals or plants.
- (2) A person entering into an arrangement with the Authority under subsection (1) shall submit a management plan in the prescribed form and manner.

23. Environmental impact assessment

- (1) A developer desiring to undertake a project which may have a significant effect on any wildlife species or community shall undertake an environmental impact assessment in accordance with the National Environment Act, 2019.
- (2) The Authority shall perform all the functions required of a lead agency for purposes of an environmental impact assessment under the National Environment Act, 2019 and any regulations made under the National Environment Act, 2019, unless the Authority is the developer.

24. Environmental audit and monitoring

The Authority shall in consultation with the National Environment Management Authority carry out audits and monitoring or cause audits and monitoring of projects that impact on wildlife to be carried out in accordance with the National Environment Act, 2019 and any regulations made under that Act.

Part IV – Wildlife conservation areas

25. Procedure for the declaration of wildlife conservation area

- (1) The Minister may, by statutory instrument, after consultation with the local government council in whose area a proposed wildlife conservation area falls and with the approval of Parliament signified by its resolution, declare an area of land or water to be a wildlife conservation area.
- (2) Before making a declaration under subsection (1), the Minister shall ensure that an environmental impact study and any other study that may be required, have been conducted in accordance with the National Environment Act, 2019.
- (3) A person conducting a study under subsection (2) shall investigate and make a report to the Minister on the social and ecological consequences of the declaration of the proposed wildlife conservation area.
- (4) The report made under subsection (3) shall be submitted to the Minister, together with the recommendation of the Board on the proposed declaration, within ninety days of the study being undertaken.

26. Description of wildlife conservation area

- (1) A declaration under [section 25](#)(1) shall state—
 - (a) whether the wildlife conservation area is to be a wildlife protected area or a wildlife management area; and
 - (b) the name and detailed boundary description of the wildlife protected area or the wildlife management area under this section.
- (2) A wildlife protected area under subsection (1) shall be—
 - (a) a national park;
 - (b) a wildlife reserve; or
 - (c) any other area the Minister may declare as a wildlife protected area.
- (3) A wildlife management area under subsection (1) shall be—
 - (a) a wildlife sanctuary;
 - (b) a community wildlife management area; or
 - (c) any other area the Minister may declare as a wildlife management area.

- (4) The Minister may, by statutory instrument, made with the approval of Parliament, declare any other area other than the areas to which subsections (2) and (3) apply, to be a conservation area.
- (5) A national park declared under subsection (2)(a) shall be an area in which the following activities may be permitted—
 - (a) biodiversity conservation;
 - (b) recreation;
 - (c) scenic viewing;
 - (d) scientific research; and
 - (e) any other compatible economic activity subject to this Act and after an environment impact assessment study has been conducted.
- (6) A wildlife reserve declared under subsection (2)(b) shall be an area in which the following activities are permitted—
 - (a) conservation of biological diversity;
 - (b) scenic viewing;
 - (c) recreation;
 - (d) scientific research;
 - (e) regulated extractive utilisation of natural resources; and
 - (f) any other compatible socio-economic activity subject to this Act and after an environment impact assessment study has been carried out.
- (7) A wildlife sanctuary declared under subsection (3)(a) shall be an area which has been identified as being essential for the protection of a species of wild animal or wild plant in which activities which are not going to be destructive to the protected species or its habitat may be permitted.
- (8) A community wildlife management area declared under subsection (3)(b) shall be an area in which individuals who have properly rights in land may carry out activities for the sustainable management and utilisation of wildlife if the activities do not adversely affect wildlife and in which area the State may prescribe land use measures.
- (9) The Minister may, on the recommendation of the Board, and subject to [section 25](#), upgrade the status of any wildlife management area to a wildlife reserve, or a wildlife reserve to a national park.

27. Purpose of wildlife protected area

- (1) The purpose of declaring a wildlife protected area under [section 26\(2\)](#) shall be—
 - (a) to preserve selected examples of the biotic communities of Uganda and their physical environments;
 - (b) to protect areas of aesthetic beauty and of special interest;
 - (c) to preserve populations of rare, endemic and endangered species of wild plants and animals;
 - (d) to assist in water catchment conservation;
 - (e) to generate economic benefits from wildlife conservation for the people of Uganda;
 - (f) without prejudice to the purposes listed in paragraphs (a) to (d), and within any limitations imposed by them, to provide facilities for studying the phenomena in the wildlife conservation area for the advancement of science and understanding; and

- (g) without prejudice to the purposes listed in paragraphs (a) to (e), and within any limitations imposed by them, to provide facilities for public use and enjoyment of the resources in the wildlife conservation area.
- (2) The purpose of declaring a wildlife management area under [section 26\(3\)](#) shall be—
 - (a) to manage and control the use of land by people and communities living in the area so that it is possible for wildlife, the people and communities to coexist and for wildlife to be protected;
 - (b) to enable wildlife to have full protection in wildlife sanctuaries notwithstanding the continued use of the land in the area by people and communities ordinarily residing there;
 - (c) to facilitate the sustainable exploitation of wildlife resources by and for the benefit of the people and communities living in the area; and
 - (d) to permit the sustainable exploitation of the natural resources of the area, by mining and other like methods in a manner which is compatible with the continued presence in the area of wildlife.

28. Temporary management measures

- (1) Where it is intended that an area be declared a wildlife conservation area under [section 25](#) and any action to do so in accordance with this Act has started, the Minister may, after seeking and taking into account the views of each local government council having jurisdiction in the area, and on the recommendation of the Board, make administrative arrangements for the management of the area by imposing temporary management measures effective for a period not exceeding six months pending declaration of the area as a wildlife conservation area and shall cause notice of the institution of those arrangements to be published in the *Gazette*.
- (2) An area to which temporary management measures apply under subsection (1) shall be managed by the Executive Director in accordance with the administrative arrangements made under subsection (1).
- (3) A person who does not comply with a directive or instruction by the Executive Director or any officer duly authorised by the Executive Director in the management of an area under this section commits an offence.

29. General offences in wildlife conservation areas

Unless provided for by this Act, a person who in a wildlife conservation area—

- (a) hunts, takes, kills, injures or disturbs any wild plant, wild animal or domestic animal;
 - (b) takes, destroys, damages or defaces any object of geomorphological, archaeological, historical, cultural or scientific interest, or any structure lawfully placed or constructed;
 - (c) prepares land for cultivation, prospects for minerals or mines or attempts any of these operations;
 - (d) drives, conveys or introduces any wild animal into a wildlife conservation area;
 - (e) wilfully drives, conveys, introduces any domestic animal into a national park or negligently permits any domestic animal, of which he or she is for the time being in charge, to stray into a wildlife conservation area; or
 - (f) starts or maintains a fire without lawful authority,
- commits an offence.

30. Entering wildlife protected area without permission

- (1) A person who, except in accordance with this Act, attempts to enter into, enters into, resides in, or attempts to reside in a wildlife protected area without permission by the Authority, commits an offence.
- (2) Subsection (1) shall not apply to a member of staff of the Ministry, Authority, Police, Prisons or the Army on official duty requiring his or her presence in a wildlife protected area.
- (3) The Authority may issue to any person a permit, in the prescribed form, to enter or reside in any wildlife protected area subject to payment by that person of the prescribed fee, if any.

31. Use of wildlife resources

Where it is intended to harvest a wildlife resource, subject to [section 35](#), the Executive Director shall ensure that the annual harvest does not exceed the sustainable yield level.

32. Historic rights of communities around conservation areas

- (1) The Authority shall establish guidelines for sustainable access of communities neighbouring conservation areas to resources which are historically crucial to the survival of those communities.
- (2) The Authority may study, identify and protect historical or cultural interests of any community resident around a wildlife conservation area.
- (3) The Authority shall recommend to the Minister that any rights to land in a protected area shall be acquired in the public interest under article 237(2)(a) of the Constitution if the continued private ownership or control of those interests is contrary to the needs of the sustainable management of wildlife.

33. Regulations governing wildlife conservation areas

- (1) Subject to [section 6](#), the Minister may, on the advice of the Board, by statutory instrument, make regulations for the management of a wildlife conservation area declared under [section 25](#).
- (2) Notwithstanding subsection (1) the regulations may provide for—
 - (a) the use of weapons, traps, firearms, explosives or any other device;
 - (b) the conditions under which a person, vehicle, boat or aircraft may enter, travel through, reside or be in a wildlife conservation area;
 - (c) the conditions for lighting a picnic fire, the use of a lamp or fire or a general prohibition on the use of fire in a wildlife conservation area;
 - (d) the control of the disposal of litter or waste;
 - (e) the keeping of a domestic animal in a wildlife conservation area;
 - (f) the control of the introduction of an alien species of an animal or plant;
 - (g) the control of the use of a wildlife resource; and
 - (h) the prohibition or control of a commercial enterprise within a wildlife conservation area.
- (3) Regulations made under subsection (1) may, in respect of any contravention of any of the regulations—
 - (a) prescribe a penalty of a fine not exceeding five thousand currency points or imprisonment not exceeding ten years, or both;

- (b) in the case of a continuing contravention, prescribe an additional penalty not exceeding five hundred currency points in respect of each day on which the offence continues;
- (c) prescribe a higher penalty not exceeding five thousand five hundred currency points or imprisonment not exceeding twelve years or both in respect of a second or subsequent contravention; or
- (d) provide for the forfeiture of anything used in the commission of the offence.

Part V – Wildlife species

34. Declaration of protected species

- (1) Wildlife species listed in the Third Schedule are protected species in Uganda.
- (2) Wildlife species which are protected under any international convention or treaty to which Uganda is a party and to which [section 86](#) applies, are protected species.
- (3) The Minister shall, on the recommendation of the Board, by statutory instrument, publish in the *Gazette* an updated list of wildlife species of Uganda indicating the following conservation status—
 - (a) extinct;
 - (b) extinct in the wild;
 - (c) critically endangered;
 - (d) endangered;
 - (e) vulnerable;
 - (f) threatened;
 - (g) nearly threatened;
 - (h) data deficient; and
 - (i) any other category.
- (4) An instrument made under subsection (3) may apply to an individual species throughout Uganda, or to all or some species in a specified area or to varieties of species, including sex and age groups.
- (5) An instrument made under subsection (3) shall state whether a species of wild animal or plant shall be—
 - (a) a fully protected species which may not be subject to wildlife use rights; or
 - (b) a partially protected species to be utilized only subject to a grant of a wildlife use right.

Part VI – Wildlife use rights

35. Classes of wildlife use rights

- (1) The wildlife use rights are classified as follows—
 - (a) Class A wildlife use right which confers a right to hunt wildlife;
 - (b) Class B wildlife use right which permits farming of wildlife;
 - (c) Class C wildlife use right which permits ranching of wildlife;
 - (d) Class D wildlife use right which permits trading in wildlife and wildlife products;

- (e) Class E wildlife use right which permits using wildlife for educational or scientific purposes including medical experiments and developments;
 - (f) Class F wildlife use right which permits community resource access;
 - (g) Class G wildlife use right which permits use of wildlife as pets or ornaments; and
 - (h) Class H wildlife use right which permits use of wildlife for tourism and recreation.
- (2) The Minister may, by statutory instrument, on the advice of the Board signified by its resolution vary, revoke or create additional wildlife use rights.
- (3) The CITES Management Authority shall on the recommendation of the Board set annual species quotas in relation to a wildlife use right that involves extractive utilization of a wildlife species.

36. Prohibition of utilisation of wildlife without wildlife use right

- (1) A person shall not engage in any of the activities under [section 35](#) or any other activity of a like nature which involves the utilisation of wildlife or wildlife products without a wildlife use right.
- (2) Notwithstanding subsection (1), the Authority may study, identify and protect cultural interests of any individual or class of persons in a wildlife conservation area not protected by any other law.
- (3) A person who engages in any of the activities under [section 35](#) or any other activity of a like nature which involves the utilisation of wildlife or wildlife products without a wildlife use right commits an offence.

37. Application for the grant of wildlife use right

- (1) A person, community or lead agency may apply to the Authority for one or more wildlife use rights to be granted to them.
- (2) An application for a wildlife use right under subsection (1) shall—
- (a) be made in the prescribed form;
 - (b) be in the prescribed manner;
 - (c) be accompanied by the prescribed fee; and
 - (d) contain information as may be prescribed.
- (3) Where the applicant is a community or part of a community, a statement of the procedures used to explain the proposals to and obtain the support of the community or that part of the community which is involved in the application and of the structure, organisation and proposed powers of the body which, on behalf of the community or part of the community, is going to manage the activity for which a grant of a wildlife use right is being applied for shall be submitted with the application.
- (4) An application for a wildlife use right under subsection (1) shall be accompanied by a certificate which shall state—
- (a) that the applicant has informed all adjacent owners and occupiers of land of his or her application;
 - (b) the nature of the representations received from all those to whom information about the application was sent;
 - (c) the changes, if any, made to the application as a result of the representations made; and
 - (d) any other information as may be prescribed or as is relevant to the application.
- (5) Where the adjacent owner and occupier of land is a community or part of a community, it shall be sufficient, to meet the requirements of subsection (4), to send information about the application to the body which is recognised as representing that community or part of that community.

- (6) Where it is not possible to determine what body represents the community or part of the community referred to in subsection (3), an applicant shall send information about the application to the district council having jurisdiction in the area covered by the application.
- (7) The Authority may provide technical support to any person, applying for a wildlife use right that the Authority finds beneficial to wildlife conservation.

38. Consideration of application for wildlife use right

- (1) On receiving the application under [section 37](#), the Authority—
 - (a) shall satisfy itself that the provisions of [section 37](#)(3), (4) and (5) have been complied with by the applicant and may, in order to satisfy itself, make such inquiries of such persons as it thinks fit;
 - (b) shall send a copy of the application to the district council having jurisdiction in the area of the application, requesting the district council to comment on the application within twenty-one days of receipt of the copy of the application;
 - (c) may require the applicant to supply further information about his or her application; and
 - (d) may seek advice about the application from the applicant and from any person as it thinks is likely to assist it to determine the application and for this purpose may send a copy of the application to that person.
- (2) The Authority shall not be under any obligation to—
 - (a) send comments it receives under subsection (1)(d) to the applicant for the applicant to comment on;
 - (b) consider and determine an application until the applicant has submitted an application in accordance with [section 37](#) and has submitted further information as the Authority may require of him or her under subsection (1).
- (3) The Authority shall within sixty days of receipt of an application or, where further information is requested of the applicant, within sixty days of the receipt of that further information, consider and determine the application.
- (4) In determining whether to grant a wildlife use right with or without conditions, or reject an application, the Authority shall take into account—
 - (a) the information contained in the application and any further information submitted by the applicant;
 - (b) all the information and advice obtained under subsection (1)(a) and (d); and
 - (c) any management plan for the area within which the application falls which is relevant to that particular application.
- (5) Unless otherwise provided for in this Act or by regulations made by the Minister, the Authority shall charge an initial and thereafter an annual fee in respect of every wildlife use right which it grants, and the fee charged may be based on a percentage of the income to be derived by the holder of the right from the exercise of the wildlife use right.
- (6) The grant of a wildlife use right shall be made subject to the condition that the exercise of the right shall be commenced within two years of the grant and any right which is not so exercised shall, unless the holder of the wildlife use right applies for and receives an extension of the time from the Authority, automatically lapse and cease to be of any effect.
- (7) The conditions subject to which a wildlife use right may be granted may deal with all or any of the following—
 - (a) the persons within a community or organisation who may exercise the wildlife use right;

- (b) the use of the land over which the wildlife use right is to be exercised, including any fencing or buildings which are to be placed on the land;
 - (c) the manner of the exercise of the wildlife use right;
 - (d) the form, manner and organisation of the management of the wildlife use right;
 - (e) the actions to be taken by the holder of a wildlife use right in respect of adjacent landowners and occupiers in connection with the exercise of the wildlife use right;
 - (f) the length of time for which the wildlife use right may be granted;
 - (g) the amounts or quotas of wildlife resources which may be utilised over specified periods;
 - (h) the information which the holder of a wildlife use right may be required to supply on a regular basis to the Authority as to the exercise of the wildlife use right or rights granted;
 - (i) the powers of the Authority or its officers to enter and inspect the land of the holder of a wildlife use right to ensure that the conditions of the grant and all other provisions of the Act are being complied with;
 - (j) the giving of a performance bond by the holder of a wildlife use right to guarantee compliance with the conditions of the grant; or
 - (k) other matters as may be provided for by regulations made by the Minister or as are considered necessary by the Authority.
- (8) The Authority may impose conditions for any of the above purposes on land owned or occupied by the applicant which is not the subject of the application if in the opinion of the Authority it is necessary to do so for the better management of the wildlife use right applied for.
- (9) A decision on an application shall be made in writing in a specified form, signed by a designated officer and shall be sent to the applicant at a place or address specified by the applicant, and no oral statement or other form of written communication which purports to be a decision in respect of an application shall have any validity.

39. Compliance with terms of a wildlife use right

- (1) Where it appears to the Authority that a holder of a wildlife use right is not complying with the terms of the wildlife use right or any conditions subject to which the grant of a wildlife use right has been made, the Authority may take the following actions—
- (a) request the a holder of a wildlife use right to attend a meeting with officers of the Authority to discuss the matter of compliance and—
 - (i) where there is an admission of noncompliance, to agree upon a programme and timetable to rectify the noncompliance; or
 - (ii) where there is no admission of noncompliance but the Authority is of the opinion that there has been noncompliance, the Authority may inform the holder of a wildlife use right that unless a specified action is taken in a specified time, the Authority shall serve a compliance notice on the holder of a wildlife use right;
 - (b) issue a compliance notice and serve a copy on the holder of a wildlife use right and any other person who is required to be served with a copy;
 - (c) issue a stop notice and serve a copy on the holder of a wildlife use right and any other person who is required to be served with a copy; or
 - (d) revoke the wildlife use right.
- (2) The Authority shall inspect or cause to be inspected an activity being undertaken with respect to a wildlife use right to determine compliance with the terms or conditions of the exercise of that

wildlife use right and may take into account the evidence obtained from that inspection in any decision as to whether to take any of the actions specified in this section.

- (3) The Authority in exercising its powers under subsection (2) shall give the holder of a wildlife use right or any person involved in the activity, or residing or working on the land or in the building where an inspection is taking place, an opportunity to be heard to make representations to the person making the inspection.

40. Service of compliance notice

- (1) Where it appears to the Authority that a holder of a wildlife use right is not complying with the terms and conditions of that wildlife use right or has failed to comply with the agreement referred to in [section 39\(1\)\(a\)\(i\)](#), the Authority may issue a compliance notice and serve a copy on the holder of a wildlife use right and on any other person the Authority considers necessary or as regulations may specify
- (2) A compliance notice shall specify—
 - (a) the wildlife use right to which it refers;
 - (b) the action or non action in relation to that wildlife use right which it is alleged constitutes noncompliance with the terms and conditions of the wildlife use right;
 - (c) the person to whom it is addressed;
 - (d) the action which shall be taken to rectify the noncompliance and the time, being not less than thirty days, within which the action shall be taken;
 - (e) the power of the Authority to take action as may be necessary, including entering land or a building and taking possession of specimens, books, papers and other possessions of the holder of a wildlife use right and any other person involved in the exercise of the wildlife use right in order to prevent or bring to an end the continued noncompliance; and
 - (f) the penalties which may be imposed and the forfeitures which may be claimed if the action specified in paragraph (d) is not undertaken and the right of the person served with a compliance notice to appeal against that notice.
- (3) A compliance notice shall continue to apply to the activity in respect of which it has been served until it has been complied with.
- (4) A person served with a compliance notice shall, subject to this Act, comply with all the terms and conditions of the notice.

41. Reconsideration of compliance notice

- (1) At any time within twenty one days of the service of a compliance notice, a person on whom the notice has been served may, giving reasons in writing, request the Authority to reconsider that notice.
- (2) Where a request has been made under subsection (1), the Authority shall, within twenty one days after receipt of that request, reconsider the notice and notify in writing the person who made the request of its decision on that notice.
- (3) Where a written request has been made under subsection (1), the compliance notice shall continue in effect until varied, suspended or withdrawn under subsection (4) and if varied, shall apply to the activity in respect of which it was served as so varied.
- (4) The Authority may, after reconsidering the compliance notice and the activity to which it refers, confirm, vary, suspend or withdraw that notice.
- (5) The Authority shall give a person who has requested a reconsideration of a compliance notice the opportunity to be heard orally before a decision is made.

42. Activity by the Authority on compliance notice

- (1) Where a person on whom a compliance notice has been served fails, neglects or refuses to take the action required by the notice, the Authority may, enter or authorise the entry by other persons on to any land or building under the control of the person on whom the compliance notice is served and take necessary action, whether of the kind specified in the compliance notice under [section 40\(2\)\(e\)](#) or otherwise in relation to the activity to which the compliance order relates.
- (2) Where the Authority has exercised the powers under subsection (1), it may recover as a civil debt in any court of competent jurisdiction from the person referred to in subsection (1) the expenses incurred by it in the exercise of that power.

43. Stop notice

- (1) Where the Authority has served a compliance notice but considers it expedient to prevent the continuation of any activity to which that notice refers before the expiry of the period within which that notice must be complied with, it may, when serving a copy of the compliance notice, or afterwards, serve a stop notice prohibiting all or part of the activity referred to in the compliance notice.
- (2) A stop notice shall refer to the compliance notice to which it relates and shall have a copy of that notice annexed to it.
- (3) A stop notice shall be served on a person on whom a compliance notice has been served and, in addition, may be served on any other person who appears to the Authority to be involved in the activity to which the compliance notice relates.
- (4) A stop notice shall not take effect until on a date as may be specified in the notice, which shall be not earlier than two days nor later than fourteen days after the date on which the notice was first served on a person.
- (5) A stop notice shall cease to have effect in relation to the activities to which it refers where the compliance notice to which it refers is withdrawn, or quashed on appeal, or the compliance notice is varied so that the activities referred to in the stop notice cease to be activities to which the compliance notice refers, or the period allowed for compliance with the notice has expired.
- (6) A stop notice may be withdrawn at any time by serving a notice to that effect on the person served with the stop notice.
- (7) A person who fails to comply with a stop notice or any part of the stop notice commits an offence and is liable, on conviction to a fine not exceeding ten thousand currency points or to life imprisonment or both, and, in addition, is liable to forfeit any specimens and pay up to three times the value of the specimens that the court is satisfied have been obtained as a result of the activities prohibited in the compliance notice and stop notice.

44. Variation of wildlife use right

- (1) Where the Authority is satisfied that it is necessary to vary a grant of a wildlife use right or the conditions subject to which a wildlife use right was granted, as a result of a natural disaster or any other reason that appears to it to be relevant, it may, subject to this section, issue a notice of variation and serve a copy of that notice on every holder of a wildlife use right which is being varied.
- (2) Where a holder of a wildlife use right has been served with a notice of variation for reasons which are applicable to that right holder personally, he or she may request the Authority to reconsider the variation and on a request being made to the Authority, [section 41](#) shall apply.
- (3) Where one or more holders of a wildlife use right have been served with notices of variation for reasons which are applicable on a general basis, the Authority shall not consider any individual request from any right holder for a reconsideration but shall, on its own motion, reconsider the

variation not less than once every six months and in so doing may seek and take into account information and advice as appears to it to be well-founded to assist it to reach a decision on the matter.

- (4) A holder of a wildlife use right who has been served with a notice of variation shall comply with that notice, notwithstanding that he or she has requested the Authority to reconsider that notice.
- (5) A variation of a wildlife use right may include a temporary suspension of any of the activities for which the wildlife use right has been granted.

45. Revocation of wildlife use right

- (1) Where the Authority is satisfied that it is expedient that a grant of a wildlife use right be revoked, it may, issue a notice of revocation and serve a copy of the notice on a holder of a wildlife use right whose wildlife use right is revoked.
- (2) Where a holder of a wildlife use right has been served with a notice of revocation for reasons which are applicable to that holder of a wildlife use right personally, or where a holder of a wildlife use right can show clearly that he or she will suffer disproportionately more from a revocation made for general reasons than the generality of right holders, he or she may request the Authority to reconsider that revocation and on a request made to the authority, [section 41](#) shall apply.
- (3) Where one or more holders of a wildlife use right have been served with a notice of revocation for reasons which are applicable on a general basis, the Authority shall not, subject to subsection (2), consider an individual request from a holder of a wildlife use right for a reconsideration, but shall, of its own motion, reconsider the revocation not less than once every six months and, may seek and take into account information and advice to assist it to reach a decision on the matter.
- (4) A holder of a wildlife use right who has been served with a notice of revocation shall immediately comply with that notice, notwithstanding that he or she has requested the Authority to reconsider that notice.
- (5) Where a wildlife use right has been revoked for reasons other than noncompliance with the terms or the conditions subject to which the wildlife use right has been made, the holder of a wildlife use right which is revoked shall be entitled—
 - (a) to a remission of the yearly fee paid, equal in proportion to that part of the year in respect of which the grant has been revoked; and
 - (b) to claim compensation from the Authority in respect of a loss directly attributable to the revocation as may be provided for by this Act or any regulations made by the Minister under this Act.

46. Surrender of wildlife use right

- (1) A holder of a wildlife use right may, in writing, at any time surrender his or her wildlife use right to the Authority.
- (2) The surrender of a wildlife use right shall not absolve the holder of a wildlife use right who has surrendered that right from any civil or criminal liabilities, arising from the exercise of the wildlife use right before the surrender of the right or which, as a result of any actions taken by the holder of a wildlife use right while he or she was exercising the wildlife use right, may arise in the future.
- (3) A holder of a wildlife use right who has surrendered his or her wildlife use right shall not be entitled to remission of fees paid in connection with that right, or, be entitled to claim compensation in respect of losses directly attributable to the revocation.

47. Transferability of wildlife use rights

- (1) Wildlife use rights shall be transferable as follows—
 - (a) a class A and class E wildlife use right shall be transferable only with the permission of the Authority;
 - (b) a class B, class C, class D and class F wildlife use right shall be transferable as a private property right subject to this Act; and
 - (c) any other class of wildlife use right prescribed by regulations shall be transferable to the extent and in accordance with procedures prescribed in those regulations.
- (2) A transfer of a class A and a class E wildlife use right shall be referred to as a "permitted transfer".
- (3) A transfer of a class B, C, D and F wildlife use right shall be referred to as a "market transfer".
- (4) Section 46(2) shall apply to the transferor of a wildlife use right in the same manner and to the same extent as it applies to a holder of a wildlife use right who has surrendered his or her wildlife use right.
- (5) A transferor of a wildlife use right shall be under a duty to ensure that his or her name and all relevant and prescribed details are deleted or removed from the certificate of the transferred wildlife use right and until these matters have been completed, a transferor shall remain liable in respect of that wildlife use right under section 39(2).
- (6) A transferee of a wildlife use right shall be under a duty to ensure that his or her name and all relevant and prescribed details are entered on or attached to the certificate of the transferred wildlife use right and until these matters have been completed, a transferee shall have no legal authority to exercise the wildlife use right.
- (7) The Minister may, by statutory instrument, on the recommendation of the Authority, provide—
 - (a) for a permitted transfer to be reclassified as a market transfer; or
 - (b) for a market transfer, to be reclassified as a permitted transfer.
- (8) A statutory instrument made under subsection (7) shall not be published in the *Gazette* unless the approval of Parliament, signified by its resolution, has been obtained.
- (9) A wildlife use right shall not be transferable but a quota issued in accordance with this Act or regulations made under the Act, may with permission from the Authority, be transferred from one holder of wildlife use right to another.
- (10) A person who transfers or attempts to transfer or accepts or attempts to accept a quota without permission commits an offence.
- (11) A person convicted of an offence under this section shall be liable to a fine not exceeding fifty currency points or to imprisonment for a term not exceeding six months or both.

48. Permitted transfer

- (1) An application for a grant of a permitted transfer shall be made in the prescribed form and manner and shall be accompanied by the prescribed fee.
- (2) An application for a grant of a permitted transfer shall be signed by the proposed transferee and the proposed transferor.
- (3) Sections 37(3) to (5) and 38(1) to (4) shall apply to an application for and the consideration and determination of a grant of a permitted transfer as they apply to the matters provided for by those subsections.

- (4) The Authority may, in granting a permitted transfer, add to, vary, modify or delete any condition subject to which the wildlife use right was first granted or, as the case may be, was first transferred.
- (5) Where the Authority has granted a permitted transfer, the Authority shall take all necessary steps to assist the transferor and transferee to comply with their duties as set out in [sections 47\(5\) and \(6\)](#) as expeditiously as possible.

49. Market transfer

- (1) A market transfer of a wildlife use right shall be undertaken in the prescribed form and on payment of a fee prescribed by the Authority.
- (2) Prior to undertaking a market transfer, the proposed transferor and transferee shall inform the Authority of their intention to transfer a wildlife use right and may request the Authority to inform them whether it intends to object to the transfer and the variations, if any, to the existing wildlife use right the Authority is likely to make to the wildlife use right on its transfer.
- (3) The Authority shall, within thirty days of the receipt of the information and request referred to in subsection (1) or such longer period as may be agreed upon between the Authority and the parties, reply to the request giving the information sought by the parties.
- (4) Where the Authority informs the parties that it intends to object to the market transfer, the parties may, if they wish to continue to undertake a transfer, submit an application for a permitted transfer to the Authority, and the procedures in [section 48](#) shall apply to that application.
- (5) Where the Authority informs the parties that it proposes to make one or more variations to the wildlife use right, which is proposed to be transferred, the parties may request the Authority to reconsider the proposal and any such reconsideration shall follow, as near as may be, the provisions of [sections 41\(2\), \(3\) and \(5\)](#).
- (6) Where, after a reconsideration requested under subsection (5), the parties are not satisfied with the proposals of the Authority, the matter may be referred to arbitration, in accordance with the Arbitration and Conciliation Act, 2000.
- (7) A market transfer shall, within sixty days of the signing of the transfer documents by the transferor and the transferee, the purpose of which is to transfer a wildlife use right from the transferor to the transferee be registered by the Authority in a register maintained specifically for this purpose by the Authority.
- (8) Until a market transfer is registered in accordance with subsection (7), it shall have no legal or other validity, and the rights and liabilities of the parties to the transfer in respect of the wildlife use right, the subject of the market transfer, shall remain unaltered by any document that the parties have signed and shall be governed by [sections 47\(5\) and \(6\)](#).
- (9) Where the parties to a market transfer have signed transfer documents, the purpose of which is to transfer a wildlife use right from the transferor to the transferee and within fourteen days of the signing of the documents have submitted all necessary forms and fees to the Authority for the purpose of obtaining the registration of the transfer, the Authority shall take steps as are necessary and are required to enable the parties to register the transfer within the time required.
- (10) Where the parties to a market transfer have submitted all necessary forms and fees in accordance with the time frame set out in subsection (9) but, through the negligence or other fault of the Authority or any of its officers, the transfer is not registered within the required period and the parties or any of them suffer loss, the Authority shall be liable for that loss suffered as a result of the failure to register within the required period, and shall, accordingly, compensate the concerned parties.

50. Management of wildlife use right

- (1) Where applicable, a holder of a wildlife use right shall have a duty to manage the land and buildings in, on, under and over which a wildlife use right may be exercised in accordance with the terms and conditions of the grant subject to which the right has been granted so as to ensure that those terms and conditions are at all times complied with.
- (2) Where a holder of a wildlife use right employs a person to carry out any of the functions which are permitted to be carried out under the grant of the wildlife use right or are necessary and desirable to carry out so as to ensure that the terms and conditions of the grant of that wildlife use right are complied with, it shall be the responsibility of the holder of a wildlife use right to—
 - (a) ensure that all persons are aware of the terms and conditions of the wildlife use right, the relevant provisions of this Act, any regulations made under this Act, and of their obligation to comply with them;
 - (b) obtain all necessary permission from the relevant authority or person to enable all persons as are referred to in this subsection to carry out their functions in accordance with their obligations as referred to in paragraph (a); and
 - (c) indemnify a person who suffers injury or whose property suffers injury or is damaged as a result of the malicious or negligent exercise or purported exercise of the wildlife use right by such persons.
- (3) The Minister may, by regulations, and in consultation with the Board, provide for the circumstances and the conditions under which a holder of a wildlife use right or a person employed by him or her may hire an officer of the Authority, or exercise the power of an officer of the Authority, to guard the wildlife, the subject of the wildlife use right, apprehend and temporarily detain a person suspected of attempting to steal, destroy, kill, hunt or otherwise interfere with that wildlife or any specimen.

Part VII – Professional hunters and trappers

51. Professional hunters and trappers

- (1) The Authority may, on terms and conditions it considers necessary, and on payment of a prescribed fee, issue to a person—
 - (a) a professional hunters licence; or
 - (b) a professional trappers licence.
- (2) The Minister may on the advice of the Board, make regulations prescribing the requirements and conduct of professional hunters and trappers, and—
 - (a) the form and manner of application;
 - (b) the procedure to be followed in considering and granting the application;
 - (c) the penalty for non-compliance; and
 - (d) any other matter the Board considers necessary.

52. Prohibition of persons who are not licensed under this Part regarding certain acts

A person who without a licence issued in accordance with this Part—

- (a) conducts business as a professional hunter or professional trapper;
- (b) advertises himself or herself as a professional hunter or professional trapper;

- (c) solicits a contract or commission under which or for which he or she is to act in the capacity of a professional hunter or a professional trapper;
- (d) for gain or reward, assists another person to hunt a protected animal except as a guide, tracker, porter or in some other like capacity,

commits an offence and is on conviction liable to a term of imprisonment not exceeding ten years.

53. Suspension or cancellation of licence

- (1) The Board may, on the recommendation of the Executive Director, cancel a licence under this Part, if the licensee—
 - (a) is convicted of an offence under this Act;
 - (b) fails to comply with any condition of the licence; or
 - (c) is not, in the opinion of the Executive Director, conducting the business for which the licence is used in a fit and proper manner.
- (2) The Executive Director shall immediately suspend the licence pending consideration of the cancellation under subsection (1).
- (3) The Executive Director shall notify the licensee in writing of a decision to suspend or cancel the licence and shall state the reason for the decision.

Part VIII – Management of problem animals

54. Declaration of vermin

- (1) The Board may, on the advice of the Executive Director, by notice in the gazette declare an animal or class of animals to be vermin.
- (2) The declaration under subsection (1) may be effective for the whole of Uganda or for a part or parts of Uganda as may be specified in the notice.
- (3) The declaration of vermin shall be published in the *Gazette* and local newspapers having wide circulation in the areas affected.
- (4) A declaration made under this section may be revoked if the conditions that warrant the declaration cease to exist or the conservation status of the species warrants so.

55. Hunting of vermin

- (1) The Authority or any other lead agency may engage the services of a professional hunter or professional trapper to hunt or trap the vermin or deploy duly qualified officers of the Authority for that purpose.
- (2) The Authority shall build capacity of local governments to manage vermin.
- (3) The Executive Director shall, at all times, advise the local government on the value of vermin and recommend the appropriate method for managing the vermin.

56. Attempted killing or killing wild animal

- (1) A person may kill or attempt to kill a wild animal in self defence or in defence of another person, except that nothing in this section shall absolve from liability of an offence under this Act, a person who at the time of the attempted killing or killing was committing an offence under this Act.
- (2) It shall be the duty of any person who kills a wild animal under subsection (1) to prove that the act was done in self-defence or the defence of another person.

57. Ownership of carcass

- (1) Except as otherwise provided by this Act or by the conditions of any licence issued under this Part, the killing of a wild animal under [section 56](#) shall not be considered a transfer of ownership of the carcass of the animal to another person.
- (2) A person who kills a wild animal under [section 56](#) shall, as soon as practicable, report the facts to an officer and shall, unless entitled to retain the carcass under the conditions of any licence issued under Part VI of this Act, hand over the carcass or parts of the carcass as the officer may direct.
- (3) A person who contravenes this section commits an offence.

58. Report of damage by wild animal

- (1) Subject to this Act, a person having reason to believe that a wild animal is causing or may cause material damage to land, crop, domestic animal, building, property or human life may report the facts to an officer.
- (2) An officer who receives a report under subsection (1) shall, as soon as practicable, assess or cause to be assessed the extent of the threat posed by the animal or damage caused by the wild animal and shall make or cause to be made, a report to the Authority and take necessary action to minimise the extent of damage.
- (3) In deciding what action shall be taken to minimise damage to property caused by a wild animal, an officer shall carefully consider the status of the species and if he or she decides to kill or attempts to kill the animal, he or she shall do so as a last resort and if he or she has reasonable ground to believe that this course of action will not endanger survival of the species.

59. Accidental killing of wild animal

- (1) Where a person kills a wild animal through accident or error, he or she shall, as soon as may be practicable, report the facts to an officer and shall where possible hand over the carcass or part of the carcass as the officer may direct.
- (2) Subsection (1) shall not apply to a person entitled under a wildlife use right or permit issued under this Act to hunt a protected or wild animal of that specie and sort, in the circumstances under which he or she killed the animal, and no offence under this Act shall have been committed in relation to the killing of the animal.
- (3) A person who contravenes this section commits an offence.

60. Wounded wild animal

- (1) A person who wounds a wild animal shall capture, kill the animal or report to an officer at the earliest opportunity.
- (2) A person who does not comply with the provisions of subsection (1) commits an offence.
- (3) Subsection (1) shall not be construed as permitting a person to follow a wounded animal—
 - (a) into a conservation area unless the person holds a wildlife use right, a licence or a permit authorising him or her to hunt the animal in the area; or
 - (b) onto private land on which the person has no permission to enter.
- (4) A person who believes that he or she has wounded a wild animal which in the wounded condition has entered a conservation area shall immediately report the facts to an officer who shall as he or she sees fit decide whether or not the animal shall be killed, and the officer shall issue instructions accordingly.

- (5) A person who believes that he or she has wounded a protected animal which in that wounded condition has entered private land upon which he or she has no permission to enter shall immediately report the facts to the owner of the land.
- (6) The owner of land who receives a report under subsection (5) shall decide whether or not the person making the report is to be permitted to enter his or her land for the purpose of hunting the animal, and the landowner's decision in this regard shall be final.

61. Wounded dangerous animal

- (1) A person who, in any circumstances, wounds a dangerous animal and fails to kill or capture it within twenty hours after its wounding shall immediately report the fact to an officer.
- (2) An officer who receives a report under subsection (1) shall take immediate steps to locate the wounded dangerous animal, assess its condition and decide, whether or not to kill it and shall either carry out the act himself or herself or give instructions accordingly.
- (3) Where the wounded dangerous animal under subsection (1) enters a conservation area, [sections 60\(4\) or \(5\)](#) shall apply.
- (4) [Section 60\(5\)](#), in respect of private land, shall not apply to a person entering that land in pursuit of a wounded dangerous animal wounded by him or her, except that he or she shall report the facts to the owner of the land as soon as practicable.
- (5) Where an officer receives a report under subsection (1), he or she shall, as soon as practicable, take steps to minimise or prevent the threat, and those steps may include killing the animal.
- (6) If the wounded animal is a wild animal, the killing of the animal shall only be undertaken in accordance with the conditions specified in this Act.
- (7) A person who contravenes this section commits an offence.

Part IX – International trade in species and specimens

62. Import, export or re-export permit

- (1) The CITES Management Authority on the advice of the CITES Scientific Authority may issue to any person a permit in a prescribed form to import, export or re-export any wildlife species or wildlife specimen.
- (2) A person who imports, exports or re-exports or attempts to import, export or re-export any species or specimen—
 - (a) without a permit; or
 - (b) without passing through a designated customs post or port;commits an offence.
- (3) A person who is convicted of an offence under this section or under regulations made under [section 63](#) is liable to a fine not exceeding ten thousand currency points or to life imprisonment or both.

63. Additional restriction on import, export, transit or re-export of specimen

- (1) The Minister may, after consulting the Minister responsible for trade, make regulations imposing additional restrictions on import, export, re-export or transit of wildlife species or wildlife specimen.
- (2) A person who contravenes the regulations made under subsection (1) commits an offence.

Part X – The Wildlife Fund

64. Continuation of the Fund

- (1) The Wildlife Fund established under the Uganda Wildlife Act, [Cap. 200](#) shall continue to exist as if it was established under this Act.
- (2) The sources of funds for the Fund shall be—
 - (a) sums appropriated by Parliament for the purposes of the Fund;
 - (b) monies borrowed by the Board under [section 66](#);
 - (c) sums received for the purposes of the Fund by way of voluntary contributions;
 - (d) payments made into the Fund under [section 65](#);
 - (e) sums or other assets donated for the purposes of the Fund by any foreign government, international agency, foreign institution or body with the approval of the Minister responsible for finance;
 - (f) payment from fees and charges receivable under this Act; and
 - (g) any other sums received by the Authority in the performance of its functions under this Act.

65. Administration of the Fund

- (1) The Board shall be responsible for the administration of the Fund.
- (2) The Executive Director shall ensure that all monies collected by the Authority are deposited into the Fund.
- (3) The Board may authorise the Executive Director to make withdrawals from the Fund to fulfill the functions of the Authority in accordance with the approved annual work plan and budget.
- (4) The Board shall authorize the Executive Director to pay twenty percent of the park entry fees collected from a wildlife protected area to the local government of the area surrounding the wildlife protected area from which the fees were collected as a conditional grant.
- (5) The Minister may on advice of the Board and in consultation with the local government and other relevant stakeholders, by statutory instrument, make regulations on the management of the revenue sharing in subsection (4).

66. Duty to operate on sound financial principles, investment and borrowing powers

- (1) The Board shall discharge its duties in relation to the Fund in accordance with sound financial and commercial principles and shall ensure that revenue is sufficient to meet expenditure.
- (2) The Board may with approval of the Minister invest money from the Fund in conformity with good commercial principles.
- (3) The Board may with approval of the Minister after consultation with the Minister responsible for finance borrow money for purposes of the Fund.

67. Budget of Authority

- (1) The Executive Director shall prepare and submit to the Board for approval estimates of the income and expenditure of the Authority for the next financial year, three months before the beginning of the financial year.

- (2) The Executive Director shall prepare estimates supplementary to the current estimates under subsection (1) and submit them to the Board for approval.
- (3) Expenditure shall not be made out of funds of the Authority unless that expenditure is part of the approved annual estimates or estimates supplementary to those estimates.

68. Accounts of Fund

- (1) The Board shall keep proper books and other records of accounts in respect of receipts and expenditures of the Fund.
- (2) The accounts of the Fund shall be audited by the Auditor General.
- (3) The Board shall cause to be prepared, not later than ninety days after the end of the financial year, an annual report on all the financial transactions of the Fund.
- (4) The report made under subsection (3) shall include a balance sheet, an income and expenditure account and the annual report of the Auditor General and shall be laid by the Minister before Parliament.

69. Financial year

The financial year of the Fund shall be the period of twelve months ending on the 30th June in each year.

Part XI – Penalties, forfeitures and other legal proceedings

70. General penalty

Subject to this Act, a person convicted of an offence under this Act for which no penalty is provided is liable—

- (a) in the case of a first offence, to a fine not exceeding three hundred and fifty currency points or to a term of imprisonment not exceeding ten years or both; and
- (b) in the case of a second or subsequent offence, to a fine not exceeding five hundred currency points or to a term of imprisonment not exceeding twenty years or both.

 - (a) extinct in the wild;
 - (b) critically endangered; or
 - (c) endangered;a person shall, on conviction be liable to a fine not exceeding one million currency points or to life imprisonment or both.

72. Destruction and obliteration of devices

Where a person is convicted of an offence under this Act in respect of any excavation, fence, enclosure or any other device fixed in or on the ground or upon vegetation, which the person has made, used or had in his or her possession for the purpose of hunting in contravention of this Act, the court shall, in addition to any other penalty imposed, order the device to be destroyed or obliterated in such manner as the court may specify, and any expenditure incurred shall be recoverable from the person as a civil debt.

73. Forfeiture as an additional penalty

- (1) On the conviction of a person of an offence under this Act where the court considers forfeiture to be necessary, the court shall, notwithstanding any other written law and in addition to any other penalty imposed—
 - (a) declare the domestic animal, firearm or other weapon, trap, net, poison, material or any motor vehicle, aircraft, boat, or any other article taken by or used in connection with the commission of the offence to be forfeited to the Authority;
 - (b) cause to be forfeited to the Authority protected specimen referred to in [section 71](#).
- (2) The disposal of a specimen, domestic animal or article forfeited to the Government under this section shall be subject to sections [76](#), [77](#), [78](#) and [79](#).

74. Conditional order of forfeiture

- (1) When a court is required under [sections 75](#)(1) and (2) to make a declaration of forfeiture in respect of any article the ownership of which requires registration under any written law, the court shall make a conditional order of forfeiture in the prescribed form.
- (2) Upon the making of a conditional order of forfeiture under subsection (1), the Executive Director shall, within thirty days after, the making of the order cause to be published in the *Gazette* and in two consecutive issues of a newspaper having wide circulation, a notice of the order.
- (3) If ownership of the article is registered in the names of a person other than the convicted person, the Executive Director shall, within seven days after publication of the notice in the *Gazette*, cause a copy of the notice to be sent to the person in whose names the article is registered.
- (4) A person who wishes to claim a right of ownership in the article may, within sixty days of the last publication of the conditional order, lodge with the court a written application for discharge of the order, setting out his or her claim of ownership in the article.
- (5) Upon an application made under subsection (4), the court shall set a date for a hearing of the application and serve notice of the hearing on the applicant and on the Authority.
- (6) In any hearing of any application made under subsection (4), the burden of proof shall be upon the applicant to prove that he or she was not privy to the offence and that the article was, at the time that the offence was committed, being used for that purpose without his or her knowledge or consent.
- (7) Where court rejects an application for discharge, the court shall declare the article absolutely forfeited to the Authority.
- (8) Where upon an application made under subsection (4), a court is satisfied that an article is owned jointly by, or is the subject of a rental agreement between the applicant and the convicted person, and the applicant has discharged the burden of proof in accordance with subsection (6), the court shall declare as forfeited all of the estate, interest or rights of the convicted person in the article and shall order them to be disposed of as it deems fit.

- (9) A right of a claimant under a rental agreement to repossess an article which is subject to a conditional order of forfeiture made under subsection (1) shall be suspended pending determination of an application made under subsection (4).

75. Seized good may be subject to forfeiture order

- (1) If an article the ownership of which requires registration under any written law is seized as a result of an offence under this Act and the person responsible is unknown and cannot be found for the purpose of charging him or her with the offence or, having been charged, fails to appear to answer the charge, the Executive Director may apply to the court for a declaration of forfeiture.
- (2) Upon an application under subsection (1), the court shall make a conditional order of forfeiture in the prescribed form, and the provisions of [sections 76\(2\), \(3\), \(4\), \(5\), \(6\), \(7\) and \(8\)](#) shall apply.

76. Forfeiture of profits from illegal trade

- (1) Where a person has been convicted of an offence involving illegal trading in wildlife or wildlife specimen, including the killing of a wild animal, removal of a protected plant from its natural habitat or removal of an egg from its nest or other natural habitat as a part of a process of illegal trading, the court may, in addition to a penalty imposed and any order for forfeiture made under this Act, if it is satisfied by evidence given in court that the convicted person is, and has been for some time, notwithstanding that he or she has not been convicted, a person who habitually or on a continuing basis engages in the illegal trading of wildlife or wildlife specimen—
- (a) order the convicted person to disclose his or her assets to the court;
 - (b) cause a valuation of those assets to be made by a valuer appointed by the court;
 - (c) determine and declare what proportion of those assets are to be taken as obtained through illegal trading of wildlife and wildlife specimens;
 - (d) order that the proportion determined and declared under paragraph (c)—
 - (i) if it is money, be forfeited to the Authority; or
 - (ii) if it is any other form of asset, be sold and the proceeds of the sale be forfeited to the Authority.
- (2) Where a person ordered by the court under subsection (1)(a) to disclose his or her assets—
- (a) fails to do so within the time required or at all;
 - (b) makes a false declaration of disclosure;
 - (c) obstructs or causes a person to obstruct—
 - (i) the making of a valuation of the assets declared or otherwise;
 - (ii) the gathering of the assets for their disposal through sale or otherwise;
 - (iii) the sale or other disposal of the assets; or
 - (iv) the handing over of the proceeds of the sale of the assets or forfeited monies to the Authority,he or she commits an offence.

(3) A person convicted of an offence under subsection (2) shall be liable to a punishment of a term of imprisonment of—

 - (a) not less than the term of imprisonment to which he or she has been sentenced for the offence of or in connection with illegal trading in wildlife or wildlife specimens; or
 - (b) not less than three years, whichever is the longer period.

- (4) A sentence of imprisonment imposed by the court under subsection (3) shall not discharge an obligation imposed by this section on a convicted person to disclose his or her assets.
- (5) An asset transferred by a person to which this section applies, after or at the time of the arrest of that person, to, or which is held on behalf of that person by, a member of the family of or a business associate of that person, shall be presumed to be an asset of that person and this section shall apply to that asset as if it remained under the control of that person.
- (6) A person or organisation, in possession of or having any form of control or authority over any asset to which this section applies shall cooperate with and assist the court, person or authority acting under the directions of the court to implement this section.
- (7) A person to whom subsection (6) applies, including a person in authority in an organisation to which subsection (6) applies, who does not comply with or obstructs the application of subsection (6) commits an offence.
- (8) The provisions of any legislation applicable to banks and other financial organisations relating to the confidentiality of clients' accounts and other business shall not apply to any assets to which this section applies.

77. Revocation of licence, permit or certificate

If a holder of a wildlife use right, licensee or the holder of a permit or certificate issued under this Act is convicted of an offence under this Act which involves the licence or the wildlife use right, the permit or the certificate, the licence, permit, certificate or wildlife use right shall be automatically revoked.

78. Disposal of specimen by the Executive Director

- (1) Where the Executive Director takes possession of a confiscated specimen, domestic animal or article, he or she shall cause receipt of the confiscated specimen, domestic animal or article to be recorded in the prescribed register and shall safeguard it until it is disposed of under this section.
- (2) Where the Executive Director takes possession of a dead specimen of a protected species, he or she may with approval of the Board and in consultation with CITIES Management Authority—
 - (a) destroy the specimen;
 - (b) donate the specimen, with or without requiring payment, to a recognised scientific or educational institution;
 - (c) sell it in whole or in part; or
 - (d) retain the specimen in his or her official custody either permanently or pending disposal in accordance with paragraph (a), (b) or (c) of this subsection.
- (3) Where the Executive Director takes possession of a live specimen of a wild species and the specimen is, in his or her opinion, capable of normal survival in its natural habitat, he or she shall cause the specimen to be returned to that habitat, except that if the specimen, in the opinion of the Executive Director, requires to be withheld temporarily from the wild for the purpose of better ensuring its eventual survival, the Executive Director may direct that the specimen be withheld.
- (4) Where the Executive Director takes possession of any live specimen of a protected species and the specimen is, in his or her opinion, incapable of normal survival in its natural habitat, he or she may —
 - (a) donate the specimen, with or without requiring payment, to a recognised educational, zoological, botanical or scientific institution;
 - (b) retain the specimen in his or her official custody either permanently or pending disposal in accordance with paragraph (a); or
 - (c) order the destruction of the specimen.

- (5) Where the Executive Director takes possession of—
- (a) a live protected animal which is, in his or her opinion, incapable of normal survival in its natural habitat;
 - (b) the specimen of a protected plant or animal; or
 - (c) a live domestic animal,
- he or she shall dispose of the specimen as he or she considers fit, except that if disposal is by sale, sums received shall be payable in accordance with Part XI.

79. Money from sale of specimen or article

Where the disposal of a specimen or article under [section 78](#) is by sale, all monies realised shall be payable only into the Fund.

80. Specimen, domestic animal or article to be held by the Executive Director

A specimen, domestic animal or article held in the custody of the Executive Director under this Act shall be held by him or her solely on his or her official capacity, and nothing in this Act shall be construed as giving the person holding the office of Executive Director private right of ownership over any specimen, domestic animal or article.

81. Custody and notification of specimen

- (1) The Authority shall be the chief custodian of all Government specimens.
- (2) Any other government officer, agency or department in possession of a specimen shall, within two days of acquisition of that specimen notify the Authority of the nature and quantity of the specimens.
- (3) A notice under subsection (2) shall state whether or not the government officer, agency or department wishes to keep the specimen, the purpose and estimated period for which the specimen shall be kept.
- (4) Upon receipt of a notice under subsection (2), and in case the relevant government officer, agency or department keeps the specimen for whatever purpose and period, the Authority shall cause inspection of the specimen and advise on an appropriate marking and storage system, and in that case, the Authority shall keep regular inspection and monitoring of the specimen.
- (5) A government officer, agency or department in possession of a government specimen shall upon the expiry of the purpose and period for which the specimen was held surrender the specimen to the Authority.
- (6) The Executive Director shall, submit an annual report to the Board showing the number of specimens in possession of the Authority, government officer, agency, or department indicating their quantity and quality in appropriate standard units of measurements, sources and estimated economic values.
- (7) The Board may, in consultation with the CITES Management Authority, prescribe appropriate measures, rules, regulations and guidelines for the management and disposal of government specimens.

Part XII – Miscellaneous
